- Evaluate the dining environment for successful food intake
- Review the implications of feeding end-stage patients with Alzheimer's disease

PROGRAM OUTLINE

www.dchours.com

All of courses are presented in the following format:

- Each course is in the format of a narrated slide presentation. Each slide in the course has accompanying narration and presentation moves through the slides automatically.
- There is a timer at the bottom of the page that documents the time that the viewer is watching the course
- The course will automatically log all the hours that the doctor spends viewing the course.
- At the end of the course, when the timer runs down to zero, the viewer will be given a test that must be passed with a score of 80% to get credit for the course
- Information for each course is gathered from books, peer reviewed articles, and experience. All courses include references and courses are updated each year.
- Attendance is monitored by the software program. It logs and tracks all the time spent viewing the course.
- The licensee is allowed 6 months to complete a course.
- DC Hours.com maintains records of licensee completing a course of study for 7 years
