Course Syllabus

Alzheimer's Part 2

COURSE OBJECTIVE

To educate healthcare providers with an overview of how individual healthcare providers and the healthcare team can support the people living with AD

STATEMENT OF PURPOSE

The purpose of this course is to aid the Chiropractic Profession by providing Chiropractors with information on how to support people living with Alzheimer's disease, both individually and as an interprofessional team.

OVERVIEW OF COURSE

This course will provide Chiropractors with information on how to support people living with Alzheimer's disease.

COURSE OUTLINE

HOUR 1

- Identify at least three healthcare-related disciplines with effective approaches to supporting people with AD
- Discuss how interprofessional collaboration in care approaches can enhance outcomes
- Describe two evidence-based interventions for people living with AD
- Discuss three quality-of-life elements and innovative management approaches to living with AD

PROGRAM OUTLINE

www.dchours.com

All of courses are presented in the following format:

- Each course is in the format of a narrated slide presentation. Each slide in the course has accompanying narration and presentation moves through the slides automatically.
- There is a timer at the bottom of the page that documents the time that the viewer is watching the course
- The course will automatically log all the hours that the doctor spends viewing the course.
- At the end of the course, when the timer runs down to zero, the viewer will be given a test that must be passed with a score of 80% to get credit for the course
- Information for each course is gathered from books, peer reviewed articles, and experience. All courses include references and courses are updated each year.
- Attendance is monitored by the software program. It logs and tracks all the time spent viewing the course.
- The licensee is allowed 6 months to complete a course.
- DC Hours.com maintains records of licensee completing a course of study for 7 years
