

DC HOURS 2023 SEMINAR SCHEDULE:

DR. MARSHALL DELTOFF

1. JAN 12 2023: 12 Steps to Radiographic Analysis

SYLLABUS: a rational, easy-to-follow, sequential 12-step approach to film interpretation is presented, with emphasis on the CATBITES categories of bone disease, illustrated with appropriate examples. As time permits, proper construction of an x-ray report is discussed, sample cases from the various categories are discussed in a rounds-type setting.
