

## How and Why to Include Nutritional Counseling in Your Practice: And Make it Lucrative.

In this webinar Dr. Meschino DC, MS, ROHP, explains how he successfully built a nutrition consulting practice within his own practice, and went on to develop wellness programs for private companies, as well as becoming a sought after, well-paid corporate wellness speaker, and Nutritional Medicine to several medical clinics and health care organizations.

If you have an interest in providing evidence-based nutritional and lifestyle solutions to your patients and community to help them reduce risk of the most prevalent degenerative diseases in our society and improve outcomes for many existing health problems, then this webinar is for you. The strategies Dr. Meschino provides related to this topic will help you:

- Provide a New Stream of Revenue
- Attract More New Patients
- Provide a More Complete and Needed Health Care Service
- Get Paid for Your Intellectual Property
- Become a Recognized Nutritional Medicine Expert
