

Title: "Informed Consent & Report of Findings: Elevating Patient Communication Beyond Paperwork"

Description: Informed consent is more than just a signature—it's a critical part of empowering your patients to make informed healthcare decisions. Join Dr. Evan Gwilliam, Certified Compliance Officer, as he breaks down the essential components of a compliant consent process. In this engaging presentation, you'll also discover effective strategies for clearly communicating your findings and care plan, ensuring that both you and your patients are aligned on treatment goals and outcomes. Enhance your practice by building trust and transparency in every patient interaction.
