

State Board of Chiropractic Examiners

To Whom It May Concern:

This letter is to state that as Director of Parker Professional Programs, I have reviewed the speakers below and determined that they are post-graduate level instructors, through a curriculum vitae or resume, and they have knowledge, training and expertise in the topics to be covered for “Dissemination- Manuscripts and Scientific Posters”. The documentation appears to fall within chiropractic guidelines of the various state boards.

Parker University
Continuing Education
2540 Walnut Hill Lane
Dallas, Texas 75229

Chris Malaya
Katie Pohlman

Please contact me if further information is needed, my direct phone number is 214-902-3492, or via email at pfrase@parker.edu.

Sincerely,

Phyllis Frase-Charrette
Director of Professional Programs

METHOD OF CERTIFYING IN ONLINE ACTIVITIES

1. **Name of Course:** Dissemination- Manuscripts and Scientific Posters
2. **Organization Sponsoring the Course:** Parker University
3. **Course Objective:** To enhance the expertise of the Chiropractic Professional.
4. **Study Hours Required:** 1 Online
5. **Instructor(s):** Chris Malaya & Katie Pohlman
6. Educational background and experience of instructor(s) is on file in the University offices.
7. **Attendance Verification Method and Certifying Officer:** The Online presentation is delivered via web pages in which the participant must review anatomy images, read supporting text, listen to audio instruction, and answer test questions. The time the participant spends on each page is logged and tracked. In addition, the test questions must be passed, or the participant cannot continue on to the following pages. The computerized log files that track the participant's access time and usage will be utilized to validate the attendance and participation. The instructors will be available for questions via e-mail. Upon successful completion, Parker University Continuing Education Department will maintain and distribute attendance records.
8. **Textbooks and/or Equipment Required:** Internet
9. **Outline of Material Covered:** Attached
10. **Location(s):** Computer/Internet Based
11. **Date(s):** Based upon date of actual completion

Instructors: Drs. Chris Malaya & Katie Pohlman

Dissemination: Manuscripts and Scientific Posters

Duration: 1 hour

CE Topic: Chiropractic Research

Course Description:

This course will walk through how to put study design, data findings, and interpretations together to make a manuscript. Important consideration regarding authorship, and journal and design guidelines will be highlighted. The featured article is a systematic review that explores the overall effectiveness of manual therapies and clearly demonstrates all the necessary parts of a manuscript.

Featured Journal Article:

Bronfort G, Haas M, Evans R, Leininger B, Triano J. Effectiveness of manual therapies: the UK evidence report. *Chiropr Osteopat.* 2010;18:3.

Course Objectives:

1. Describe the components of a manuscript and the information that should be in each of these sections
2. Explain the importance of authorship and following established recommendations.
3. Appraise the featured articles.
4. Examine all of the different sections of a manuscript within the featured articles.

Course Content:

Examining a manuscript so you can write your own: 0-15 minutes

Providing resources to developing a manuscript: 16-30 minutes:

Critical Appraisal of the Featured Article: 31-45 minutes

Dissecting the components of a manuscript within the Featured Article: 46-60 minute

CURRICULUM VITAE

Christopher A. Malaya, DC

Address:

4733 Wheeler Ave
Biomedical and Health Building #2
Houston, Texas 77204
Phone: (512) 827-7466
Email: christopher.malaya@gmail.com

PROFESSIONAL LICENSURE

Doctor of Chiropractic in the Great State of Texas – Houston, TX (May 2018 to Present)

EDUCATION

University of Houston, Center for Neuromotor and Biomechanics Research (Houston, Texas)

Dates Attended: August 2018 to Present
Area of Emphasis: Motor Control
Expected Ph.D.: 2022
GPA: 3.83

Parker University (Dallas, Texas)

Dates Attended: January 2015 to April 2018
Area of Emphasis: Chiropractic (with research honors)
D.C.: April 2018
GPA: 3.25

Washington University in Saint Louis (St. Louis, Missouri)

Dates Attended: August 2006 to April 2011
Area of Emphasis: English Literature and Writing
B.A.: 2011
GPA: 3.18

POSITIONS

August 2018 – Present

Human Subjects Researcher, National Aeronautics and Space Administration (NASA),
Johnson Space Center, Houston, Texas.

June 2018 – Present

Research Associate, Parker University Research Institute, Dallas, Texas.

January 2018 – April 2018

Chiropractic Intern, Department of Veterans Affairs, G.V. Sonny Montgomery, Jackson, Mississippi.

EDUCATION

- Anticipated 2017** **University of Alberta, Edmonton, Alberta, Canada**
Doctor of Philosophy, Pediatrics
Successful Candidacy Defense: January 2015
Thesis: Improving the Assessment of Safety in Pediatric Chiropractic Manual Therapy
- 2010** **Palmer College of Chiropractic, Davenport, Iowa**
2006 Master of Science, Clinical Research
Doctor of Chiropractic
- 2001** **The Ohio State University, Columbus, Ohio**
Bachelor of Science, Biology

PROFESSIONAL EXPERIENCE

- 2015-Present** **Parker University**
Assistant Professor, Clinical Research Scientist, Research Institute
Foster a culture of research and scholarship at Parker University:
In cooperation with the academic leadership, develop ongoing activities to prepare faculty members to contribute to scholarship in accordance with Boyer's model.
Assist faculty members in the design and conduct of clinical studies.
In cooperation with the Clinic Director and Clinic Faculty Doctors, identify opportunities to utilize clinic data for research purposes.
Assist in the development and implementation of the research and information literacy curriculum for College of Chiropractic students.
Secure external funding for the design and conduct of research.
Identify sources of research funding for Parker University.
Develop projects in line with funding requirements and apply for external grants.
Administer grants received consistent with all legal and ethical requirements.
Increase Parker University's total publications, presentations and collaborations.
Design and conduct all studies in accordance with legal and ethical requirements for the protection of human and/or animal subjects.
- 2011-Present** **University of Alberta**
Research Assistant, CARE, Department of Pediatrics, Faculty of Medicine & Dentistry
Develop manual of operating procedures, data collection forms / protocols, informed consent documents and other documents pertinent to assigned research projects.
Organize, coordinate and run meetings with international investigators.
Assist in writing project abstracts and manuscripts for publication.
Conduct day-to-day supervision of data quality, recruitment activities, and enrollment status.
Monitor management of research budget.
- 2011-2013** **Palmer Center for Chiropractic Research**
Clinical Project Manager II
Responsible for the supervision of assigned personnel.
Develop manual of operating procedures, data collection forms / protocols, informed consent documents and other documents pertinent to projects.
Conduct training and continuous quality improvement activities of clinical research personnel involved in assigned research projects.
Monitor clinical and data protocols, including obtaining and maintaining licensure for data collection instruments.
Communicate with the Institutional Review Board, Data and Safety Monitoring Committees, and funding agencies regarding the protection of human participants and project status.
Formulate and guide plans for solving project-related problems.

PROFESSIONAL EXPERIENCE, Con't

2007-2011

Palmer Center for Chiropractic Research

Clinical Project Manager

Coordinate effectively with all levels of organizational structure for carrying out the assigned research activities.

Assist with the development of manual of operating procedures, data collection forms/ protocols, informed consent documents and other documents pertinent to projects.

Planning / monitoring recruitment of study participants with the use of various marketing strategies.

Planning and conducting training programs and quality improvement activities for both existing and new research personnel involved in the various research projects.

Participate in recruitment and evaluation of research clinical personnel.

Preparation of project reports for investigative members, institutional review boards, and data safety monitoring committees.

2006-2007

Palmer Center for Chiropractic Research

Clinical Research Fellow (part-time Clinical Study Coordinator)

2006-Present

Chiropractic Physician, Private Practice

Limited Home/Office Practice

- Iowa Chiropractic License #06897
