

Brain/Body FIT® Laser Therapy

Improving Outcomes through Clinical Analysis

Jerome Rerucha, DC, BS, CSCS, C.H.P.S.®

Saturday

7:30-8:00 am

Registration

8:00-8:15am

Introduction to Common Conditions

8:15-8:30am

Natural Health Care – the Opioid Epidemic
Pain—a crisis in America: Statistics and Data

8:30-9:00 am

Low Level Laser Therapy = PubMed Pain Review and current
FDA Clearance Overview Jan 17, 2002-1st FDA market clearance: 635 nm laser;
Chronic neck and shoulder pain k012580

- April 2014 Erchonia FX635 Reducing chronic heel pain arising from plantar fasciitis.
- FDA market cleared to treat chronic, acute, and post-operative pain.
- May 21, 2018, Chronic Low Back Pain K180197

9:00-10:00am

The Opioid Epidemic - Pain—a crisis in America. Explore Pharmaceutical solutions
statistics and data, Physical capacity, human metrics, and your health levels.
Mitochondrial creation of ATP

- Red wavelength
- Violet wavelength
- Green wavelength

10:00-10:15am

Break

10:15-12:00pm

Programming of the Handheld lasers. Introduction to common conditions and workshop
on myotomes and laser upregulation.

12:00-1:00pm

Lunch

1:00-2:30pm

FX 405/FX635

- Unattended Therapeutic dose laser
- Seated and lying protocols.
- Passive vs activation
- Violet / Green laser uniqueness
- Workshop

2:30-3:00pm

Explore tools to determine your patient's needs.

- Ideal neutral structure
- Muscle imbalances in posture imbalances
- 3D Functional evaluation

3:00-3:15pm

Break

3:15-4:00pm

Brain protocols Passive Therapy / Active Therapy

- MRI/Brain EEG data
- Delta
- Theta
- Alpha
- Beta
- Gamma

4:00-5:30pm

Immune Enhancement - Gut/Brain

- Therapy Protocols
- Eating and ATP - to Carb or Not to Carb
- Bio Energetic relationship of food and ATP production

Sunday

7:30-8:00am

Registration

8:00-8:30am

Functional Exam vs Symptomatic Treatment

- Office forms
- Patient history
- Radiology
- Structure
- Neurology
- Soft tissue
- Assess and Correct

8:30-10:00 am

Symptomatic laser protocols from intake, radiology, patient History workshop

10:00-10:15am

Break

10:15-10:45am

Active Lower Body evaluation and correction

- Sacrum
- Low Back
- Plantar Fasciitis, neuropathy
- Laser
- Soft tissue correction
- Lengthen/Strengthen

10:45-11:15am

Active Upper Body evaluation and correction

- Neck/Shoulder
- Carpal Tunnel
- Tennis Elbow
- Lengthen/Strengthen
- Laser
- Soft tissue correction
- Lengthen/Strengthen

11:15-12:15pm

Workshop and apply skills for both lower and upper body evaluation and correction
