A. COURSE / SEMINAR TITLE

HI-FIVE Training Program

B. DESCRIPTION OF THE COURSE

In conjunction with the Office of the National Coordinator for Health Information Technology (ONC), Columbia University has developed a unique professional development training and is providing it through Best Practices Academy, an ONC Bronze level training partner. The HI-FIVE program was designed for healthcare professionals to update their knowledge of health information technology within the context of the most relevant topics in today's changing healthcare landscape.

This HI-FIVE training opportunity is available for all healthcare workers, including chiropractic clinicians, administrative managers, chiropractic assistants and staff, non-clinical providers, technology and insurance providers, and any other roles in health care.

Our comprehensive online HI-FIVE training covers the following five topics:

Population Health
Care Coordination and Interoperability
Value-Based Care
Healthcare Data Analytics
Patient-Centered Care

C. EDUCATIONAL OBJECTIVES

- a. Population Health and the Application of Health IT
- b. Overview of Interoperable Health IT
