A. COURSE / SEMINAR TITLE

OSHA Policy & Training Program

B. DESCRIPTION OF THE COURSE

The ChiroArmor OSHA Policy & Training Program engages chiropractic clinicians to create and maintain a safe clinical environment for its health care workers and patients. The Occupational Safety and Health Administration established the General Duty Clause in 1970, ushering in regulations for all businesses regarding the safety and health of workers.

The clinical environment has several implications regarding the safety and health of its workers and patients. This program addresses those concerns through training and policy specialized to the practice.

C. EDUCATIONAL OBJECTIVES

Upon completion of this seminar, participants are expected to be able to:

1. Understand the foundational elements required within the OSHA regulations regarding the health care industry.
2. Understand how to create specific policy to address OSHA regulations within the clinical environment.
3. Understand how to implement policy and train workers on OSHA policy.
